1. A probable SAM site has been identified at N47-05, E39-37, eight and one-half nautical miles SSW of Rostov-on-Don and two nautical miles ENE of Kuleshovka (N47-05, E39-33). The site has certain similarities to the SAM site [redacted] near Glau in the GDR. The operations area is fenced, and contains a cleared area in the center and at least five clearings (possibly six) surrounding the central clearing. The clearings may contain revetments. The road pattern is different from that at Glau and is as follows:

25X1

1. Cleared area. Possible guidance area.
2. Cleared areas (six). Possible launch areas.
